# UNH REUNION WEEKEND

## Wildcat Academy Topics

Saturday, June 4, Hamilton Smith Hall

10 – 10:45 am

### The Ocean: The Earth's Medicine Cabinet, COLSA

Research reveals it is possible to extend your lifespan and prevent diseases associated through nutrition. Join UNH faculty members while they share the latest research on how food and nutrition are critical elements to a healthy and independent lifestyle for older adults.

### Centuries After Ben Franklin Flew a Kite in A Thunderstorm, Lightning Still Remains a Mystery

It's no secret that lightning is dangerous. It strikes our planet millions of times each day, delivering tens of thousands of amps of electricity to whatever it hits. Professor Dwyer, a nationally recognized leading expert on lightning, explains how scientists study lightning storms to understand how they work.

11 – 11:45 am

### The Stock Market During Challenging Times, Paul College

What are the wisest financial steps to take when times are challenging? Stephen Ciccone, associate professor of finance, is a researcher who focuses on investing during major depressions, recessions, and crashes. In this webinar he shares advice on what you can do to keep your portfolios safe during this turbulent period.

### Sticking with a Tough Conversation, NH Listens

Highways connect us; so can perspectives. Bridges endure; so can our friendships. Granite is tough; so is collaboration. Join this interactive discussion with Michele Holt-Shannon, Director and Co-founder of NH Listens, to lean into sticking with a tough conversation. We'll practice. We'll meet others. We'll enjoy a real conversation.
